“ *Dear Uncle Craig,
You were a great uncle to be around, and I wish I had more time with you. You were a very caring, loving, and kind person, especially when you used to call us and asked what my family and I wanted for Christmas and birthdays. You were a very generous person because you wanted to donate money towards our family. You have touched many lives since the horrible accident that happened. You were extremely brave in the hospital, and that is thing that I love the most about you.
Your nephew,
Michael Meberg*

“ Craig, I will always remember with a very heavy heart all the time we spent together in the hospital. I just wanted to do so much to help you, but only could I be there. I hope you took some comfort in that. You fought the fight of a lifetime and in that process taught us all about grace, bravery, but most of all forgiveness, I will always cherish those words you shared with me. You rest well my brother. Til we meet again
