“ I met Freda years ago at Darlington Golf course. She was a joy to be around and I asked her to join my tennis group. We had fun at both sports. One day my friend Chris called me with a "complaint" Chris also liked Freda! She said she saw Freda and Julian at Darlington that weekend and Freda looked too cute. Apparently Freda had a golf outfit with matching visor, shirt, shorts, socks and glove. I had to write a letter to say that this was much too fashionable for the county golf course! I told her Golf for Women Magazine was not coming to shoot the cover photo for the magazine.

Since Freda had a sense of humor, I added part 2. It was rumored that her kitchen was underutilized. I told her we admired that the restaurants and waiters were making a living, but what about the poor salesman who sells Brillo for home use! Of course she had a good laugh.

I lost track of her when she moved to Florida but I did wonder how she was doing.

I'm glad I read the obituary in my paper and of course she was loved by so many.

“ As a part of my extended family for over 25 years, Freda was always a pleasure to see around the holidays and at any family function. Her energy and high spirits was contagious and just a joy to be around. She was very kind, and always asked how things were going. She was an amazing grandmother to my cousin Jack, who loved her dearly, they had a special bond. You will be missed

“ My grandma was always capable of lighting up any room she entered, and I feel like that's one of the things no one needs to be told. With about 20 years of memories, I can't really think of just one or two things to say, but I'm beyond grateful that I had so many years to appreciate the brightness she added to the world and our lives. Her body may be gone, but in the end, no one, living or dead, is gone until they're forgotten, and looking at all the lives she impacted, Freda will be with us all for a long time.  
Thank you Grandma for all the wonderful memories.

“*freda was a big part of our lives for over 35 years...from the beginning, we could see how important she was to julian and, thus she became just as important to us.*

*i will always remember the inevitable smile on julian's face when they spoke first thing every morning -to start the day- and then the last thing every evening -usually after jeopardy- as they wished each other a good night. their love and affection for one another was transparent.*

*i came to appreciate her even more over the past year as we commiserated over julian's death. that we were able to see them both in february 2020 was a gift i will always treasure.*

*freda always spoke with obvious love about her family and friends...she treasured her relationships with them and i know they felt the same. her life was full of love as was her heart.*

*i will miss her....

“*Freda - U became an intregal part of the Collesano family over the past 36 years. We first met u when u visited our house with Julian in July, 1985. Both Karen and Judy were well along in their pregnancies with Anne being born the following month and Tristan in September. We actually became closer after u moved to Florida, we shared many great times together from Miami to Pembroke Pines; who would have thought that March 4, 2020 would be the last time that I'd c either u or Juliano? U will be missed! Robert*

“ *Beautiful Miss Freda, your family and friends will surely miss you. Thank you for the memories and friendship over the years. I've always loved and enjoyed our talks so much, talking about beauty secrets, boyfriends (mine), how we shouldn't eat that piece of cake and of course our favorite subject "Jack". I have always admired your strength, beauty and youthful spirit. You have been an example and taught us girls a thing or two about looking put together at any age or event. I will treasure the memories and keep our chats near and dear to my heart. In fond memory dear Freda.*
