KC

“ I visited the Secretary of State office today and I learned of Fred’s passing. So sorry to hear of this. SOS was a really difficult place to work but it was always a joy to talk to Fred.

“ am heartbroken reading this! I lost contact with Fred about 3 years ago. His birthday was coming up so I thought I’d look to see if I could find Facebook or something to reconnect and I came across this obituary. I will cherish the memories and regret not being able to say goodbye! I love you my dear friend! You will always have a special place in my heart!!!
You made it a joy to work at the Secretary of States Office!

“ CPT Blohm was a Soldier for the Soldier. I had a very bad situation and he stopped what he was doing to make sure I was ok and received the care needed. We found out we were Phamily and that was it! I will never forget you Frat! Thank you to his family for sharing him with us. ❤️
