“ Donell and Oat it has been a while since we've talked and even longer since our son's spent much of the adolescents in each other homes. What I do know and remember is that RJ was treated as one of yours and Erik one of mean. If one was on lock down both were. It saddened my heart to hear of your husband's passing. I'm so thankful to know that you both were my village when it came toy son. I say to you that God is a Way maker Miracle maker, Promise keeper and Light in the darkness he will uplift you take away the pain and sorrow and flood your heart with smiles and memories. My thoughts and Prayers and always with you and you family.

“ Dear Uncle Harold, you have always been a great inspiration to me, Matt and Regina. The first to introduce us to tennis and you always made sure that we were okay. Thank you for being there for us and always being hospitable to us, making sure we ate before we left your house. That meant a lot to us. You will be missed, Uncle, and your love will always be felt. God bless everyone and everything you brought into this world and impacted until we all meet again!
