“ Although you lived far away, you were always the special aunt — so delicate and sweet. Every visit from you was filled with joy and left a lasting impression on me.

*I love you deeply, and you will always remain in my heart.*

“ I’m sorry for the loss of my aunt Leah. Even though i was very young, I remember how warm and caring she was. She used to asked me, in a sweet way, if I had a girlfriend — a little gesture that showed how much she cared. Those memories will always stay with me. May her memory be a blessing.

“ Dear Aunt Leah,  
It's hard to believe you're no longer with us. It was so sad to hear of your passing, a special woman with a huge heart.  
The big ocean separated us for most of our lives, but it never diminished the special place you held in my heart. I will never forget that spring when I was 11 and we spent time together at Disney. I remember how you held my hand the entire time, protecting me and watching over me.  
Just as you watched over me then, I'm sure you're watching over me now, only from above. Your love will always be with me.  
I love you very much,  
❤️❤️❤️

“ *In Loving Memory of Leah*

*My dear aunt,  
You always spoke to us with joy and a radiant face.  
You were so curious about our lives, always wanting to know what  
was happening with us.*

*Thank you for all the love you gave my mother, your sister, and for  
all the support you gave to dear Freddy.*

*I will always remember the trip we took to the U.S., when we met.  
How full of life and positivity you were, always seeking closeness  
with us, always warm and caring.*

*I only wish you hadn't lived so far away, so we could have had more  
chances to be close throughout the years.*

*Rest in peace.  
With love,  
Erez*

“ *My beloved sister Leah,  
The days have passed, and you are no longer here.  
But you are so present with me – in the voice I still hear in my heart,  
in the laughter that lingers in the air, in the love that wrapped around  
me even from afar.*

*It was not always easy. You were far away, across the ocean, and  
despite all my longing to come, you always held me back – perhaps  
to protect me, perhaps because it was too painful for you.*

*But you never withheld the warmth of your voice. We spoke every  
week, and you always saw me in the best light, as if I were the most  
wonderful person in the world...*

*That stayed with me. It strengthens me.*

*Now, without you, my heart feels a little orphaned.*

*But I promise you: I carry the light you saw in me, all the memories,  
your love, everywhere I go.*

*Rest in peace, my dearest.*

*Forever you will be my sister. Forever you will remain in my heart.  
And I promise to watch over your Freddy, that he will lack nothing.*

*Yours, with love,  
your sister,  
Hassida*
