“ Muriel was a strong willed God loving woman, with one of the biggest prettiest smiles ever. I have found memories of visiting her and being amazed at the type and fruits and vegetables she was growing, which included watermelons!

She was there for me and her grandchildren, when my own mother was hundreds of miles away. I will forever treasure the memories of the good times we shared.

Condolences to my auntie who was the love of my life. I do remember when she would come and take me for weekend as a little girl, I would sit beside her while she make clothes for people she was very good at it . When she was leaving for abroad she came and say good by to me and gave me 20 cents she had a big pocket book that she carried and I was 8years old at the time. From time to time we would have long conversations. She could not stop laughing she had a beautiful smile. May she rest in peace
