“ *My dear friend Paulette or "P" as I called you, I can't believe you are gone. I am so tempted to call your phone just to hear your voice. We shared over 20 years of friendship and I treasure every minute that we shared. Paulette and I met in nursing school and an undying friendship was formed. "P" was always a cheerful person who always encouraged me. The great loves of her life were her children Sue and Kirk to whom she was both mother and father. As her grandchildren came along they also became her the loves of her life and she was so proud of her family. There is nothing she would not do for any of them. "P" I miss you and find it hard to accept that I will never hear your voice or see your beautiful face again But I know you would say to me "Lis it was my time". So my friend rest and fly with the angels as you are now one of them. Till we meet again my friend.*

Love always, Lisa

“ *Paulette was a remarkable woman who loved her children wholeheartedly! She was their sole caretaker, mother and an exceptional friend. She will be missed especially for the warm personality she possessed. While she sleeps peacefully in body, may the spirit of generosity she had, live on in the lives of those she touched. Rest peacefully, Paulette* 🌻

“ My dearest Mother,
Words cannot express the disbelief, void and sadness your sudden passing has created. Not just for me but for your grand-kids, sister, brother, nieces, nephews, and other family and friends in New York, Florida and Jamaica.
I miss you so much! Miss your voice, your smile, your vibrant spirit. You were a great person and life will not be the same without you. You were so kind and encouraging. Always positive and never complained. I thank you for all you've done for me. For giving me life, and for sacrificing all your life for me. You always supported me and stood by me. Everything and every decision you made was for us. I thank you and love you world without end. One day we'll meet again in the spirit, and have another celebration in spirit-land. Love you very much my mother, and miss you a lot...

Your daughter Sue
