“ *Pete Matrisciano was a dear brother to me. Met many years ago we grew close over the years, his wife Greta and I as well. When he would come to me with personal things or not I would always say I love you Pete but we are not family you should ask your family years ago he told me I never want to hear those words come out of your mouth again because you are my sis and thats, that no more said. He is a kind man with honor and a heart of gold. Would do anything for anyone. His biggest passion besides his lovely wife Greta, and dog Trixie was the pontoon boat fishing and camping. I will never forget my trip to Montana a few years back. You showed me beautiful time. He will be greatly missed by many. Counting the days till we meet again in the great blue sky I'm sure you'll be running things by then. Love and Miss you. You will always be in my head and heart. Love you Pete may you Rest In Peace.*
