“ *It was with great sadness that I heard the news of Steve's passing. We worked on several projects together at EDS and it was always a pleasure when we successfully beat the computer.*

“ *I want to express my sincere sympathy to the Mari family during this very difficult time. Although it's been a long time since I have seen Steve, I remember him fondly as an all around nice guy who was always sharing stories about his kids. May you find comfort in God, in each others company, and in the happy memories of Steve.*

“ *Please accept my heartfelt condolences. My heart goes out to Sharon and family during this difficult time. Steve was a good colleague and a good man. Even if he was mad, he never lost his cool and always listened to hear another point of view. He really looked out for the team. It is quite a shock to hear of his passing at such a young age. I can only imagine what you all are going through. My sincere sympathies.*

“ *Mari Family,*

I had the privilege of working with Steve for many years. Steve was not only a genuine good guy, but also an excellent worker. He was always very conscientious and thorough. I'll never forget how he always used highlighters in various colors to mean different things when he analyzed a program he was going over. I got to hear many a story and I can truly say that first and foremost in his life were his family and his kids. Adam, although you don't know me I feel like I've known you for a long time, same with David. Sharon, I'm sure you don't remember me from the EDS days since I've been gone for a while, but my deepest and most sincere condolences go out to all of you. It is truly sad to hear of Steve's passing, but I have no doubts that after the battle that I can only imagine that he had to endure, he is now resting in a better place. I truly admired Steve and I will always remember him.
